

A Big THANK YOU!

After recently hosting a Pokemon event in Brockwell Park, organisers **Brandfuel**, very kindly donated much of their leftover decorations, made up of various potted plants, bubble mix and other props used at the event, to Effra Nursery School.

Oscar Rogers from Brandfuel said *"it is our pleasure and we are glad that the items can have an onward use and benefit your school"*.

These items will make such a difference to the children at the nursery especially to those who require a little more sensory input than others.

The value of these donations is priceless when it goes toward helping children explore and learn.

The Children & Staff from Effra Nursery School would like to say a **GREAT BIG THANK YOU**.
